

**Proposal to
University of Colombo, Srilanka
for eBooks on ScienceDirect**

08.08.2022

Executive Summary

At Elsevier, Our Objective is to deliver improved outcomes for professional and business customers across industries, to help them make better decisions, get better results and be more productive. Our customers are doing momentous things, and we are uniquely positioned to show our customers the 'art of the possible'.

Elsevier feels responsibility to use that understanding to create highly effective solutions that enable our customers to leverage the vast potential of information to advance science, health and technology in ways that they could not do alone, and to anticipate the new ways customers will want to use information in the future. That is what we mean by 'leading the way'.

As a global and pioneer company in providing quality content in the area of science, technology & health we at Elsevier would like to take an opportunity to become a content partner in order to help students and researchers to get their desired outcome in the field of education and research; and pleased to submit eBooks proposal on Science Direct Platform

Proposal for: University of Colombo, Srilanka

Contact : Senior Assistant Librarian
Faculty of Science Library
University of Colombo

Phone : 08448295385

Email : r.aravindekar@elsevier.com

This proposal is valid until 31.08.2022

This proposal is and contains confidential and proprietary information and must not be disclosed to any third party.

1. Introduction

Elsevier

Elsevier is a world-leading provider of information solutions that enhance the performance of science, health, and technology professionals, empowering them to make better decisions, deliver better care, and sometimes make ground breaking discoveries that advance the boundaries of knowledge and human progress. Elsevier provides web-based, digital solutions — among them ScienceDirect, Scopus, Elsevier Research Intelligence and ClinicalKey — and publishes over 2,500 journals, including The Lancet and Cell, and more than 38,000 book titles, including a number of iconic reference works. Elsevier is part of RELX Group, a world-leading provider of information and analytics for professional and business customers across industries. www.elsevier.com

ScienceDirect

ScienceDirect is Elsevier's leading information solution for researchers, teachers, students, health care professionals and information professionals. It combines authoritative, full-text scientific, technical and health publications with smart, intuitive functionality so that you can stay informed in your field, and can work more effectively and efficiently.

eBooks on ScienceDirect

Apart from a rich journal collection with of over 2,500 titles, ScienceDirect also offers eBooks, Reference Works, Handbooks and Book Series. Serving many purposes for researchers, an eBook presents all the current research in a given field, curated by expert reviewer, and dynamically linked to related content elsewhere. All book content can be browsed and searched on ScienceDirect. Our eBook formats satisfy the growing demand for research being accessible on mobile devices, and are downloadable as full-text book chapters in PDF and HTML formats (where available), as covered by your subscription. All eBooks come with complimentary MARC records to increase discoverability.

Pick and Choose

When you invest in library content, you probably favor the titles most popular with patrons. Titles they seek out, not just once but again and again. With our Pick and Choose model, this high-impact content is yours forever for a one-time fee. It's a great economic investment for libraries that know exactly what content their researchers need most.

Features

- Purchase individual titles in perpetuity for a one-time fee
- Choose from over 38,000 titles in more than 24 subject collections
- Hosted and fully integrated on ScienceDirect with no DRM restrictions
- Full Books/Chapter wise download facility with unlimited user access

Proposal: eBook on Science Direct Platform

Type	No of Title	Price in \$
Elsevier eBooks – Pick and Choose	29	\$4,376

STANDARD DISCOUNT STRUCTURE:

E Books	Standard Discount
30-80	5%
81-150	10%
>150	15%

Terms and Conditions

- 1) **Validity:** Proposal is valid till 31.08.2022
- 2) **Location:** The Proposal enclosed is for single site location.
- 3) **User Access:** Unlimited access through IP authentication without any DRM restriction along with User ID/Password
- 4) **Access:** Agreement is signed between both the parties to conclude and activate the access perpetually.
- 5) **Payment:** Credit time of 90days is available after the Invoice is processed

Conclusion

Thank you for your consideration. I look forward to hearing from you with additional information or questions you may have.
